Assessment

Q1. Patient: Does someone help with providing care? (Check all that apply.) **QM**

- Activities of daily living (eg, bathing, dressing, toileting) [Q2] [Q3] [Q4] [Q5] [Q6]
- Child care or parenting [Q2] [Q3] [Q4] [Q5] [Q6]
- Emotional support [Q2] [Q3] [Q4] [Q5] [Q6]
- Financial support [Q2] [Q3] [Q4] [Q5] [Q6]
- Health self-care (eg, taking medicines, checking vital signs) [Q2] [Q3] [Q4] [Q5] [Q6]
- Instrumental activities of daily living (IADL) or everyday tasks (eg, shopping, meal preparation, transportation) [Q2] [Q3] [Q4] [Q5] [Q6]
- Other, specify: _____ [Q2] [Q3] [Q4] [Q5] [Q6]
- No help needed
- Unknown [Q2] [Q3] [Q4] [Q5] [Q6]

Q2. Patient: Who helps you? (Check all that apply.) **QM**

- Spouse or partner
- Parent or adult child
- Extended family (eg, aunts, cousins)
- Friends
- Neighbors
- Paid caregivers
- Other, specify: _____
- No one
- Unknown
- Not applicable

Q3. Patient: How much time does the caregiver help? (Check all that apply.) **QM**

- 24 hours a day Caregiver Strain Evaluation [TC](#)
- 8 to 23 hours a day Caregiver Strain Evaluation [TC](#)
- 1 to 7 hours a day Caregiver Strain Evaluation [TC](#)
- 7 days a week Caregiver Strain Evaluation [TC](#)
- 4 to 6 days a week Caregiver Strain Evaluation [TC](#)
- 1 to 3 days a week Caregiver Strain Evaluation [TC](#)
- Other, specify: _____ Caregiver Strain Evaluation [TC](#)
- Unknown
- Not applicable

Q4. Patient: Does your caregiver have any problems? (Check all that apply.) **QM**

- Ability to provide care (eg, cannot do alone, has own health problems) [P1] Caregiver Strain Evaluation [TC](#)
- Abusive or abuse history [Q9] [P1] [P2] Caregiver Strain Evaluation [TC](#)
- Behavioral health diagnosis or history (eg, depression, substance misuse) [Q9] [P1] [P2] Caregiver Strain Evaluation [TC](#)
- Employment (eg, work schedule conflicts) [P1] Caregiver Strain Evaluation [TC](#)
- Family responsibilities (eg, caring for child limits caregiving support) [P1] Caregiver Strain Evaluation [TC](#)
- Information needed on how to provide care [P1] Caregiver Strain Evaluation [TC](#)

- Language barrier [P1] Caregiver Strain Evaluation [TC](#)
- Legal problems [Q9] [P1] [P2] Caregiver Strain Evaluation [TC](#)
- Self-interests missed (eg, hobbies, social events) [P1] Caregiver Strain Evaluation [TC](#)
- Stress management ineffective (eg, overwhelmed) [P1] Caregiver Strain Evaluation [TC](#)
- Other, specify: _____ [P1] Caregiver Strain Evaluation [TC](#)
- No problems identified
- Unknown [P1] Caregiver Strain Evaluation [TC](#)
- Not applicable

Q5. Patient: How is your caregiver doing with your care? **QM**

- Meets all needs
- Meets most needs [B1] [P1] Caregiver Strain Evaluation [TC](#)
- Meets about 1/2 of needs [B1] [P1] [P2] Caregiver Strain Evaluation [TC](#)
- Does not meet most needs [B1] [P1] [P2] Caregiver Strain Evaluation [TC](#)
- Does not meet needs [B1] [P1] [P2] Caregiver Strain Evaluation [TC](#)
- Unknown [P1]
- Not applicable

Q6. Patient: Is there anyone else who can help with your care? (Check all that apply.) **QM**

- Spouse or partner
- Parent or adult child
- Extended family (eg, aunts, cousins)
- Friends
- Neighbors
- Paid caregivers
- Other, specify: _____
- No one [B1] [P1] Community Resources [TC](#)
- Unknown [P1]

Q7. Patient: Do you feel safe where you live? **QM**

- Yes
- No, because: _____ [B1] [P1] [P2]
- Unknown [P2]

Q8. Case Manager: Is there adequate, safe caregiver support? **QM**

- Yes
- No [B1] [P1]
- Unknown [P2]

Q9. Case Manager: Is abuse, exploitation, or neglect suspected? **QM**

- Yes [P2]
- No
- Unknown [P2]

Quality Measures

- Disease Management Quality Measures:
 - Information provided from this question may be requested by various accrediting organizations.

Plan of Care

Barriers

B1. Limited or no caregiver resources

Problems

P1. Caregiver assistance needed

- **Goal:** Caregiver assistance identified and provided(1)(2)
 - **Interventions:**
 - **ASSIST:** Identifying patient's goal priorities, willingness/ability to achieve goals, and preferences for communication and follow-up

- **ASSIST:** Goal setting that is specific, measurable, achievable, relevant, and with target completion time (eg, short/long-term, prioritized)
- **ASSIST:** Identifying additional caregivers to offer support
- **ASSIST:** Identifying caregiver alternatives (eg, adult day care, community support groups, respite programs)
- **EDUCATE:** Importance of patient performing own self-care as much as they are able
- **EDUCATE:** Caregiver support(3):
 - Identification of other caregivers
 - Consideration of adult day care or respite program
 - Self-care needs (eg, medical, behavior health, social support)
- **EDUCATE:** When and where to get help if caregiver support discontinued or insufficient
- **COORDINATE:** Home care referral, if indicated(4)
- **COORDINATE:** Respite care referral, as needed
- **COORDINATE:** Caregiver health service referral, as needed
- **COORDINATE:** Community services referral, as needed
- **COORDINATE:** Support group referral, as needed
- **COORDINATE:** Social worker referral, as needed(5)
- **COORDINATE:** Communication between care team members and monitoring caregiver status(6)(7)
- **COORDINATE:** Follow-up with patient and caregiver for evaluation of burden, status of referrals, identification of problems, and need for further assistance(8)(9)
- **SEND:** Caregiver tips  (Spanish)
- **SEND:** Choosing a place to live  (Spanish)
- **SEND:** Hospice care  (Spanish)
- **Goal:** Caregiver education addressed(1)(10)
 - **Interventions:**
 - **ASSIST:** Identifying patient's goal priorities, willingness/ability to achieve goals, and preferences for communication and follow-up
 - **ASSIST:** Goal setting that is specific, measurable, achievable, relevant, and with target completion time (eg, short/long-term, prioritized)
 - **ASSIST:** Support system (eg, family, friends) identification, enlistment, and education(1)
 - **EDUCATE:** Information to help caregivers:
 - Long-term caregiving is a chronic stressor and may be associated with excessive caregiver burden and adverse impact on physical and emotional health.
 - Know and act on signs of depression in self and patient.
 - Disease process and management strategies
 - Expected benefits and side effects of medications
 - Importance of maintaining social contacts and support, and asking for help, as appropriate
 - Importance of prioritizing tasks to free up time to spend on their own needs. Encourage self-care.
 - Use and value of adult day care or respite programs
 - Other housing placement options
 - Stress management (eg, relaxation and coping techniques)
 - Seek help from religious affiliation, if applicable.
 - Seek healthcare for own medical conditions, as appropriate.
 - **COORDINATE:** Educational program referral for caregiver(7)
 - **COORDINATE:** Community services referral, as needed
 - **COORDINATE:** Follow-up on caregiver needs, referral status, and need for further assistance(8)(9)

P2. Personal safety risk present

- **Goal:** Safety issues identified and addressed
 - **Interventions:**
 - **ASSIST:** Identifying patient's goal priorities, willingness/ability to achieve goals, and preferences for communication and follow-up
 - **ASSIST:** Goal setting that is specific, measurable, achievable, relevant, and with target completion time (eg, short/long-term, prioritized)
 - **ASSIST:** Contact with legal authorities, as appropriate
 - **EDUCATE:** When and how to get help in unsafe situations
 - **COORDINATE:** Protective services or legal authorities, as needed
 - **COORDINATE:** Social worker referral, as needed(5)
 - **COORDINATE:** Home care referral, if indicated(2)
 - **COORDINATE:** Behavioral health services referral, if indicated
 - **COORDINATE:** Follow-up contact to evaluate safety, referral status, and need for further assistance(8)(9)
