Assessment

Q1. Patient: Is there someone you talk to about your problems?

- Yes, name and relationship: _____
- No [B1] [P1]
- Unknown [B1] [P1]

Q2. Patient: Do you have someone to count on when you need help?

- Yes, name and relationship: _____
- No [B1] [P1]
- Unknown [B1] [P1]

Q3. Patient: Is there someone who can help you feel better when you are stressed, sad, or upset?

- Yes, name and relationship: _____
- No [B1] [P1]
- Unknown [B1] [P1]

Q4. Patient: Is there someone who accepts you for who you are, the good and bad?

- Yes, name and relationship: _____
- No [B1] [P1]
- Unknown [B1] [P1]

Q5. Patient: Is there someone you can count on to care about you no matter what is happening?

- Yes, name and relationship: _____
- No [B1] [P1]
- Unknown [B1] [P1]

Q6. Patient: Does your social support help you as much as you need? **QM**

- Yes
- No [B1] [P1]
- Unknown [B1] [P1]

Quality Measures

- Disease Management Quality Measures:
 - Information provided from this question may be requested by various accrediting organizations.

Plan of Care

Barriers

B1. Inadequate social support

Problems

P1. Social support needed

- **Goal:** Social support improved(1)(2)[N](#)
 - **Interventions:**

- **ASSIST:** Identifying patient's goal priorities, willingness/ability to achieve goals, and preferences for communication and follow-up
- **ASSIST:** Goal setting that is specific, measurable, achievable, relevant, and with target completion time (eg, short/long-term, prioritized)
- **ASSIST:** Patient in establishment of a helpful social network(3):
 - Identification of individuals in support network
 - Engaging in social support system (gathering information, helping patient develop skills, encouraging shifts in perspective, and allowing patient to vent about issues)
- **EDUCATE:** Ways to access social support
- **EDUCATE:** Role of social support in quality of life (eg, improved self-image, coping)(2)
- **EDUCATE:** Patient's role in social support relationships (eg, be aware of how actions impact the feelings of family and friends)(4)
- **COORDINATE:** Behavioral health services referral, if indicated
- **COORDINATE:** Community services referral, as needed(5)
- **COORDINATE:** Social worker referral, as needed(6)
- **COORDINATE:** Support group referral, as needed(7)(8)
- **COORDINATE:** Support network contact (eg, church, social groups), as needed(3)
- **COORDINATE:** Follow-up to evaluate social support, referral status, and need for further assistance(9)(10)

Evidence Summary

Quality standards: Standards indicate that program content should address patient supports and psychosocial issues that may impede self-management. Programs should have a process for following up with patients on the status of referrals.(11)
